#### INDEPENDENT AUDITORS' REPORT ON FINANCIAL STATEMENTS

Board of Education Unified School District No. 409 Atchison, Kansas

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of the Unified School District No. 409, Atchison, Kansas ("Municipality") as of and for the year ended June 30, 2013, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the Kansas Municipal Audit and Accounting Guide as described in Note 1 to meet the financial reporting requirements of the State of Kansas. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statement that is free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the *Kansas Municipal Audit and Accounting Guide*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by the Unified School District No. 409, Atchison, Kansas to meet the requirements of the State of Kansas on the basis of the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

#### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Unified School District No. 409, Atchison, Kansas as of June 30, 2013, or changes in financial position and cash flows thereof for the year then ended.

#### Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the Unified School District No. 409, Atchison, Kansas ("Municipality") as of June 30, 2013, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide described in Note 1.

In accordance with "Government Auditing Standards", we have also issued our report dated September 6, 2013, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control of financial reporting or on compliance. That report is an integral part of an audit performed in accordance with "Government Audit Standards" and should be considered in assessing the results of our audit.

#### Report on Supplementary Information

Our audit was conducted for the purpose of forming opinion on the 2013 fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expendituresactual and budget and individual fund schedules of regulatory basis receipts and expenditures-actual and budget (Schedules 1, 2, 3, 4 and 5 as listed in the table of contents) are presented for purposes of additional analysis and are not a required part of the 2012 basic financial statement, however are required to be presented under the provisions of the Kansas Municipal Audit and Accounting Guide. The accompany schedule of expenditures of federal awards is presented for purposes of additional analysis as required but U.S Office of Management and Budget Circular A-133, "Audits of States and Local Governments, and Non-Profit Organizations" and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2013 basic financial statement. The 2013 information has been subjected to the auditing procedures applied in the audit of the 2013 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2013 basic financial statement or to the 2013 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. #### **NOTE 1 – Summary of Significant Accounting Policies**

#### **Financial Reporting Entity**

USD No.409 is a municipal corporation governed by an elected seven member board. The district as an entity has been defined to include, on a combined basis, (a) USD No.409 (b) organizations for which USD No. 409 is financially accountable, and (c) other organizations for which the nature and significance of their relationship with USD No.409 are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

<u>Discretely presented component unit</u>. The component unit section of these financial statements includes the financial data of the discretely presented component unit. This component unit is reported separately to emphasize that it is legally separate from the District. The governing body of this component unit is appointed by the District.

Recreation Commission USD No. 409 Recreation Commission oversees recreational activities. The Recreation commission operates a separate governing body but the District levies the taxes for the Recreation Commission and the Recreation commission has only the powers granted by statute, K.S.A. 12-1928. The Recreation Commission cannot purchase real property but can acquire real property by gift. The accounting policies of the USD No. 409 Recreation Commission are the same as those of the District.

<u>Bond and Interest Funds</u> – Used to account for the accumulation of resources, including tax levies, transfers form other funds and payment of general long-term debt.

<u>Capital Project Funds</u> – used to account for the debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment.

#### **Fiduciary Funds**

## Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America

The KMAAG regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis revenues and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The municipality has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the municipality to use the statutory basis of accounting.

#### **Reimbursed Expenses**

Expenditures in the amount of \$ 117,911 are classified as reimbursed expenses in the General Fund. The purpose of these expenditures is payment for goods and services in which fees are collected and such expenditures are exempt from the budget law under K.S.A. 79-2934.

Reimbursed expenses are defined as repayments of amounts remitted on behalf of another party. All reimbursed expenses shown in the financial statements meet the following criteria: 1) the related disbursement was made in the current year on behalf of the payee, 2) the item paid for was directly identifiable as having been used by or provided to the payee, and 3) the amount of the reimbursed expense was directly tied to the amount of the original cash disbursement

#### **Budgetary Information**

Kansas Statutes require that an annual operating budget be legally adopted for the general fund, special revenue funds (unless specifically exempted by statute), debt service funds, and enterprise funds. The statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- 1. Preparation of the budget for the succeeding calendar year on or before August 1<sup>st</sup>.
- 2. Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5<sup>th</sup>.
- 3. Public hearing on or before August 15<sup>th</sup>, but at least ten days after publication of notice of hearing.
- 4. Adoption of the final budget on or before August 25<sup>th</sup>.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenues other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. There were no amendments for the year 2013.

#### NOTES TO FINANCIAL STATEMENTS

#### NOTE 1 – Summary of Significant Accounting Policies (Continued)

The statutes permit transferring budgeted amounts between accounts within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the modified accrual basis of accounting, modified further by the encumbrance method of accounting. Revenues are recognized when cash is received. Expenditures include disbursements, accounts payable, and encumbrances. Encumbrances are commitments by the city for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract.

All unencumbered appropriations (legal budget expenditure authority) lapse at year-end.

A legal operating budget is not required for capital projects funds and trust funds and the following special revenue funds:

Book Grant Carl Perkins District Activity Funds Title I Fund Title IIA Fund Contingency Reserve Fund Textbook Rental Fund

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

#### **Inventories and Prepaid Expenses**

Inventories and prepaid expenses which benefit future periods are recorded as expenditures.

#### **Use of Estimates**

The process of preparing financial statements requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates relate primarily to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

#### NOTES TO FINANCIAL STATEMENTS

#### **NOTE 2 – Deposits and Investments**

#### **Deposits**

K.S.A. 9-1401 establishes the depositories which may be used by the district. The statute requires banks eligible to hold the district's funds have a main or branch bank in the county in which the district is located and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The district has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the district's investments of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The district has no investment policy that would further limit its investment choices. The district had no investments during 2013.

#### **Concentration of Credit Risk**

State statutes place no limit on the amount the district may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and K.S.A. 9-1405.

#### Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the district's deposits may not be returned to it. State statutes require the district's deposits in financial institutions to be entirely covered by federal depository insurance

or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. All deposits were legally secured at June 30, 2012.

At June 30, 2013, the government's carrying amount of deposits was \$ 8,042,958 and the bank balance was \$ 9,233,458. The bank balance was held by one bank resulting in a concentration of credit risk. Of the bank balance, \$ 250,000 was covered by federal depository insurance and the balance was collateralized with securities held by the pledging financial institutions' agents in the district's name

#### NOTES TO FINANCIAL STATEMENTS

#### NOTE 2 – Deposits and Investments (Continued)

#### **Custodial Credit Risk – Investments**

For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

#### NOTE 3 – <u>In-Substance Receipt in Transit</u>

The district received \$88,7858 subsequent to June 30, 2013 and as required by K.S.A. 72-6417 and 72-6434 the receipt was recorded as an in-substance receipt in transit and included as a receipt for the year ended June 30, 2013.

#### NOTE 4 - Defined Benefit Pension Plan

Plan Description – USD No. 409 participates in the Kansas Public Employees Retirement System (KPERS), a cost sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. KPERS provides retirement benefits, life insurance, disability income benefits, and death benefits. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to KPERS (611 S. Kansas; Topeka, KS 66603) or by calling 1-888-275-5737.

Funding Policy – K.S.A. 74-4919 and K.S.A. 74-4921 establishes the KPERS member-employee contribution rates. Effective July 1, 2009 KPERS has two benefit structures and funding depending on whether the employee is a Tier 1 or Tier 2 member. Tier 1 members are active and contributing members hired before July 1, 2009. Tier 2 members were first employed in a covered position on or after July 1, 2009. Kansas law establishes the KPERS member-employee contribution rate of 4% of covered salary for Tier 1 members and at 6% of covered salary for Tier 2 members. Member-employees' contributions are withheld by their employer and paid to KPERS according to the provisions of section 414 (h) of the Internal Revenue Code.

The State of Kansas is required to contribute the statutory required employers share.

#### NOTES TO FINANCIAL STATEMENTS

#### NOTE 5 – Risk Management

The District is exposed to various risks of loss related to limited torts; theft of, damage to and destruction of assets; errors and omissions and natural disasters for which the county carries commercial insurance. There have been no significant reductions in coverage from prior years and settlements have not exceeded coverage in the past three years.

#### NOTE 6 - Stewardship, Compliance and Accountability

There were no violations noted of Kansas Statutes for the period under examination.

#### **NOTE 7 – Compensated Absences**

Full time, twelve month, non-certified employees earn ten days of vacation time per year. After twelve years, fifteen days of vacation time are earned per year. Vacation time does not accumulate. Sick and emergency leave is accrued at the rate of one day per month worked during the year for all employees, with a maximum accumulation of ninety days. Any days accumulated over ninety are paid the following year at 65% of the beginning pay scale rates. Such pay is made in November after the end of the fiscal year. Certified staff members who retire and apply for KPERS receive their unused sick and emergency leave at their daily rate. The district has not computed or recorded the liability at year end.

#### **NOTE 8 – Indebtedness**

The District is subject to the statutes of the State of Kansas that limits the net bonded debt. The debt outstanding may not exceed 14% of the assessed value of all tangible taxable property within the District unless additional authority is granted by the Kansas State Board of Education. The amount of bonds outstanding is computed exclusive of certain bonds specifically exempted from this limitation. At June 30, 2013, the statutory limit for the district was \$11,954,122 thus creating excess indebtedness of \$4,185,878. The outstanding bond principal represents 18.90% of the District valuation. The District has received approval from the Kansas State Board of Education to exceed the general bond debt limitation on February 11, 2003.

#### NOTES TO FINANCIAL STATEMENTS

#### **NOTE 9 – Contingency**

The District receives federal and state grants for specific purposes that are subject to review and audit by federal and state agencies. Such audits could result in a request for reimbursement by federal and state agencies for expenditures disallowed under the terms and conditions of the appropriate agency. In the opinion of the District's management, such disallowances, if any, will not be significant to the District's financial statements.

#### **NOTE 10 – Interfund Transactions**

#### **NOTE 11 – Other Post Employment Benefits**

As provided by K.S.A. 12-5040, the local government allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the local government is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in these statements.

#### NOTES TO FINANCIAL STATEMENTS

#### NOTE 11 – Other Post Employment Benefits (Continued)

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the government makes health care available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the government under this program.

#### NOTE 12 - Prior Period Adjustment

Following the requirements of a technical amendment to the 2011 Kansas Municipal Audit Guide, which governs the format and accounting for this financial statement, beginning unencumbered balances have been restated from (\$817,755) to \$-0- in the General Fund and from \$73,175 to \$166,423 in the Supplemental General Fund. The technical amendment is following the statutory state aid revenue recognition as required by K.S.A. 72-6417(d) and K.S.A. 72-6434(d). The state aid payment that is received subsequent to the end of the fiscal year is recorded as on in substance receipt in transit and included as a receipt for the fiscal year that matches the budget to which it applies. The balances have been adjusted for this change in policy.

#### **NOTE 13 – Subsequent Events**

Subsequent events for management's review have been evaluated through September 28, 2013. The date in the prior sentence is the date the financial statements were available to be issued.

Board of Education Unified School District No. 409 Atchison, Kansas

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL COMPLIANCE REPORTING AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

We have audited the financial statements of Unified School District No. 409, Atchison, Kansas as of and for the year ended June 30, 2013, and have issued our report thereon dated September 28, 2013. In our report, our opinion was qualified due to the use of another comprehensive basis of accounting. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States.

### **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered Unified School District No. 409's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Unified School District No. 409's internal control over financial reporting. Accordingly we do not express an opinion on the effectiveness of the Organization's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the organization's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Board of Education Unified School District No. 409 Atchison, Kansas

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the organization's internal control.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Unified School District No. 409's general purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statements amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under <u>Government Auditing Standards</u>.

### **Purpose of this Report**

This report is intended solely for the information and use of the audit committee, management, others within the organization, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Unified School District No. 409, Atchison, Kansas' major federal programs based on our audit of the types of compliance requirements referred to above. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. Management of Unified School District No. 409, Atchison, Kansas, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. Accordingly, we do not express an opinion on the effectiveness of Unified School District No. 409, Atchison, Kansas' internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

## NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS June 30, 2013

### NOTE 1 – Basis of Accounting

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Unified School District No. 409 Atchison, Kansas and is presented on the statutory basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Statutory Basis of Accounting – The statutory basis of accounting, as used in the preparation of these statutory basis financial statements, is designed to demonstrate compliance with the cash basis and budget laws of the State of Kansas. Cash receipts are recognized when the cash balance of a fund is increased. Expenditures include disbursements, accounts payable, and encumbrances. Encumbrances are commitments related to unperformed (executory) contracts for goods and services, and are usually evidenced by a purchase order or written contract. For an interfund transaction, a cash receipt is recorded in the fund receiving cash from another fund, and an expenditure would be charged in the fund from which the transfer is made.

Unified School District No. 409 has obtained a waiver from generally accepted accounting principles which allows the district to revert to statutory basis of accounting.

Departure from Generally Accepted Accounting Principles – The basis of accounting described above results in a financial statement presentation which shows cash receipts, cash disbursements, cash and unencumbered cash balances, and expenditures compared to budget. Balance sheets that would have shown noncash assets such as receivables, inventories, and prepaid expenses, liabilities such as deferred revenue and mature principal and interest payable, and reservations of the fund balance are not presented. Under generally accepted accounting principles, encumbrances are only recognized as a reservation of fund balance; encumbrances outstanding at year end do not constitute expenditures or liabilities. Consequently, the expenditures as reported do not present the cost of goods and services received during the fiscal year in accordance with generally accepted accounting principles.
